

## Employees

You must install SMARTCONNECT and AirWatch for Apple Devices in order to access District resources (e.g. email, network drives, etc.).

1. Connect your device to "DISTRICT"
2. Launch a browser and load a fresh webpage. This will open the policy page. Click **Accept**. (Note: Apple devices require Safari).
3. Enter your network credentials. Click **Login**.
4. Scroll down and click **Smart Connect**.
5. Click to install the **network profile**.
6. When prompted, **install all of the Certificates**. (iPhone only)

## Guests

(Internet Only)

1. Connect your device to "DISTRICT"
2. Launch a browser and go to a webpage. This will open the policy page. Click **Accept**.
3. If you have a BART network account, enter your username and password or click the **HERE** link to register as a Guest.
4. Enter your **cell phone number** and a valid **email address** to create your Guest Account.  
Country Calling Code = **+1**
5. Login to your email to access your temporary **Username** and **Password**.
